Web Dreams.
Website Development And Design

Don't fear, we can assist if you get stuck

WEBSITE INFORMATION.

Images

Colors

ⓘ **Please ensure images are at minimum 1500px x 2000px**

ⓘ **Image format works best as a PNG file, and in landscape**

ⓘ **If you are not sure about colors, we can extract the exact colors from your logo, you just decide which is primary and secondary**

✔ **Please remember that we are here to assist where you struggle, and have a good idea which fonts and colors works best, should you feel that you are not sure.**

ⓘ **We do not manage your domain or hosting, as it belongs to you, you should be able to have access. Please enquire about our suggestions.**

Let's grow together
